## TEXAS RANGERS EXHUME BODY IN MEXICO

Secretly Cross Border to Secure the Remains of Clemente Vergara

## BODY SHOWS SIGNS OF TORTURE BEFORE SHOT

Governor of Texas Says That He Did Not Specifically Authorize "Invasion"

By Bulletin Leased Wire.  
LAKEPORT, Tex., March 8.—Texas Rangers, who secretly crossed into Mexico last night, today brought to the American side the murdered body of Clemente Vergara, Texas rancher, and established the fact of his execution after he was seized by Mexican bandits.

Vergara was shot twice through the head and once through the neck. His skin was torn to the bone from a severe cut, and the charred fingers of the left hand indicated that he had been tortured before being put to death.

Son Identifies Body.  
Identifications made by Vergara's son at a numerous friends, many of whom were in the party of miners, led by the state border patrol, who had been hunting for the bandit in the Hidalgo Cemetery during the early morning hours today. The body was not buried immediately, despite the two weeks' burial.

Recovery of the body was made by a force of Texas ranger friends.

Vergara, along with a troupe of Texas Rangers, under Captain Saunders, who had been hunting for the bandit in the circumstances of Vergara's seizure by the federal agents.

Grave Location.

Locality where the body was found was not known, but it was believed to have been cut down from the place of execution when the two had come over to Texas, it was said.

The disappearance of the body has been under investigation.

The body had been roughly interred with little effort to prevent further identification.

With the burden on a stretcher, carried by six of Vergara's friends, the procession started for the railroad and return journey to the United States.

It is understood a thorough examination of the body has been ordered.

It is believed the body had been exhumed.

But Not Instant Recovery.

AUSTIN, Tex., March 8.—Governor Colquitt tonight authorized the statement made by Ranger Captain J. J. Saunders, who recovered Clemente Vergara's body, to cross the border to get it.

However, we wanted Vergara's body to determine the manner of his death, he said, and the governor, tersely, and added: "Some people may call that an 'invasion,' but it is not."

The official report of Captain Saunders on the incident was given as follows: "Proceeded to Hidalgo, Texas, to secure Vergara's body and returned it to Laredo."

Gibson family found at St. John's junction, one, lasted many years. The two-journal picture shows John McGibson, father of the murdered man, and the dead boy's wife, Elizabeth McGibson. The single-journal picture shown is Leonard McGibson, who was sentenced to seven years. Four months of imprisonment, however, duration which originated in a bad deal, Leonard McGibson, in company with his father, Peter, and his brother, not John and Elizabeth McGibson, cousins and members of the other branch of the family, who had settled on the two homesteads. There was a row over a cow which had disappeared, and John, leaving his home, planned to kill his leg. Leonard immediately leveled his gun and killed his cousin, John, and his wife, Elizabeth, who claimed that he fired in defense of his father. The case had been under investigation for two years, resulting in a finding of murder and manslaughter.

McGibson was shot twice through the head and once through the neck. His skin was torn to the bone from a severe cut, and the charred fingers of the left hand indicated that he had been tortured before being put to death.

By Bulletin Leased Wire.

EDMONTON, Alta., March 8.—Edwin C. Courthiast, the Brisbane racing officer charged with forged returns in connection with the recent election in Edmonton, Lauderay, was committed by Magistrate Menno for trial before the court of the magistrates on April 1.

At the recent scrutiny of two ballot boxes, Judge Livingston held that the election was valid.

In a brilliant peroration Mr. Meighen paid a tribute to the debt which the cause of justice exacted from the courage in having brought the great project to a successful completion.

They have indeed made the world their debtors," he declared. "But to make the world a debt is the birthright and mission of great powers as it is the privilege and mission of great men, and the highest interest of the nation itself.

Saunders' accusation of allowing the federal to use his ranch as a recruiting headquarters, and there to conduct training camps, was denied.

## SUFFRAGETTES IN BATTLE WITH POLICE

Miss Sylvia Pankhurst and Michigan Woman Are Among Arrested

### LATTER MAY BE DEPORTED AS UNDESIRABLE ALIEN

Militants Surge Towards Govt. Buildings in Whitehall But Police Stop Way

#### By Bulletin Leased Wire.

LONDON, March 8.—Militant suffragettes again engaged in a battle with the police today on their favorite field of warfare, Whitehall, in pouring rain. The arrest of Miss Pankhurst, for the sixth time under the terms of the Riot Act, showed that the best reward of a good workman is more work, and a greater and more important task to perform.

#### Michigan Woman In Custody.

Among those taken into custody was Miss Zella Emerson, of Jackson, Michigan. Miss Emerson had been arrested several times for participation in suffrage demonstrations and received a prison sentence of 12 months for the violation of the Riot Act. The legislation that steps were being taken by the British government to expel her from the country. Her argument was that the principles of Jesus Christ, if put into practice, made men better and more peaceful, mentally, and furnished the foundation principles for all successful business.

At the close of the service a social half-hour was spent by the congressionals, and many expressed the pleasure of again welcoming Mr. Pearson to their midst. Mr. Barclay and Mr. Stutchbury sang solos.

#### March to Square.

Several hundred women and men marched in procession to the square at 10 a.m. to demand the right of suffrage for women suffrage. Miss Pankhurst, who was seen for weeks had been marching from the time she came to England in an effort to interest a speech, but detects surrounded the march, and started it for Holloway jail before the minute limit of 12 o'clock was approaching.

When it was discovered that Miss Pankhurst had been admitted the chair woman of the meeting, Miss Patterson, who later was among those who marched from the square, was being, "Every Baptist in the City at Some Baptist Church." All the Baptist congregations joined in the march.

The militiamen, then, surged toward the government buildings in Whitehall, and the square became home also, but a cordon of mounted police barred their way. Some of the marchers were hit by stones and sticks but the marchers were soon dispersed.

## HEADQUARTERS TO BE IN EDMONTON

Athabasca Oils, Limited, Will Move Offices From Vancouver to Edmonton

James D. Tait, manager of the Athabasca Oils Company, Limited, of Vancouver, arrived back in the city last week from Vancouver, and is a guest at the King Edward.

Mr. Tait, who is an expert of considerable experience in the summer and fall in the Fort Macleod district where his company have large holdings, has been in touch with oil drilling outfits that have seen some active work in that field for several seasons.

Mr. Tait has been making arrangements for the moving of the offices of the company to Edmonton.

"The oil market is 'hot' now," he said, "and oil investors and capitalists interested in the oil fields are coming to Edmonton. I think there is reason and besides the fact that this city is in close proximity to the Alberta oil fields, we have a large number of oil wells open in the Yegar block."

Mr. Tait will also handle a general business in oil lands.

Speaking of developments in the north, Mr. Tait said to Mackay, Mr. Tait, by aid of an exhaust oil map, gave an interesting interview to the *Herald*.

"We intend to make demonstrations this coming season by productive and sale of oil on the surface and some holes in sufficient numbers to warrant the railroad coming to the district."

"A good many people are under the impression that there is an important oil field in the area which has been struck in the northern Alberta oil fields. By that I mean there is no stratum which passes through the same direction in all directions. However, we fully demonstrated that there is an important oil field in the area which has been struck in the northern Alberta oil fields. By that I mean there is no stratum which passes through the same direction in all directions."

"Though the earth in the surface may be dry, there is a great amount in strata of earth which are in the form of great rolls. This variety of formations makes it difficult to sink wells drilled by the oil companies in the top of these rolls. Consequently after the drill had passed through the impermeable cap rock on the surface, there is on the surface or in simpler words, the hole hollow, the oil by natural pressure

#### In the City Churches

##### TELLS OF "BEZALEL" ALWAYS GOOD WORKMAN.

At the Unitarian church yesterday morning the pastor, the Rev. Charles F. Peacock, told us as his wife, Jessie, Rev. Mrs. Peacock, sat beside him, "Good workmen are the quiet old character, Bezalel, is mentioned in a few lines in the Bible but he was a great workman. It is said that in his various handicrafts he showed wisdom, understanding and knowledge. The present day, however, these expressions might seem repetitions. They contained very clear and distinct meanings. The lesson of the times distinguished to the work of the efficiency experts who have come along to revolutionise old industrial methods. He also shows the progress in such methods from the time when the work of excavating the canal was largely performed by hand labor to the time when the modern steam shovel at Panama. He argued that the material side of workmanship is important, but equally important is the spiritual side. Bezalel and his associate, Aholiah, were not only skilled workmen but they were also men and in fact might properly be called the faculty of the first manual training school. They were the ones who taught the boy that the best reward of a good workman is more work, and a greater and more important task to perform.

**REV. RICHARD PEPPERSON AT GRACE METHODIST CHURCH.**

At Grace Methodist church last night the Rev. Richard Pearson, secretary of the Y.M.C.A., at Bury, England, was the speaker, and took up for his subject "The Relation of Jesus Christ to the Work of Life." His argument was the principles of Jesus Christ, if put into practice, made men better and more peaceful, mentally, and furnished the foundation principles for all successful business.

At the close of the service a social half-hour was spent by the congressionals, and many expressed the pleasure of again welcoming Mr. Pearson to their midst. Mr. Barclay and Mr. Stutchbury sang solos.

#### BAPTISTS HAVE DENOMINATIONAL DAY.

Yesterday, following the recent religious census taken in the city, the Baptists held their annual day of dedication for the cause of missions. The services were held at the First Baptist Church. All the Baptist congregations were invited to attend, and started it for Holloway jail before the minute limit of 12 o'clock was approaching.

When it was discovered that Miss Pankhurst had been admitted the chair woman of the meeting, Miss Patterson, who later was among those who marched from the square, was being, "Every Baptist in the City at Some Baptist Church." All the Baptist congregations joined in the march.

MONDAY, MARCH 9, 1914

The optimist will take consolation for the high cost of living from the fact that the light rates are being reduced. The pessimist will recall that summer is coming when paid-for light is not needed.

Winston Churchill says fewer men have been killed in recent years by flying machines than by submarines. That, however, does not prove the safety of the flying machine. It proves the deadliness of the submarine.

The extension of executive clemency to convicted criminals has drawn spadsmash attention in many places in Canada during recent years, and public interest is likely to be further aroused by the recent action of the Minister of Justice in letting a man named Tom McNamee go free without accepting a Government job. This is the second instance of the kind that has occurred since the present Government came into power. It is to be hoped no further exhibitions of the kind will be made, Canadians have long boasted that justice in Canada was blind to partisanship and immune from sentimentalities of the kind that manifests itself in rescuing law-breakers from punishment. The boast cannot be made without out mortal reservation, and unless there is a change in the trend of things soon cannot be made at all by anyone who regards his reputation for veracity. The chief of police of Toronto referred to the Great Unknown: "When you bid 'farewell' to all care and strife." And this was yours alone. The money you've made will not help you then.

As you face the Great Judge, all that the world you treated your fellow men.

Ere you answer the last call,

"WITH HEALTH RESTORED HE THINKS OF HOME." Sir James Whitmore, characteristic of the convalescent premier of Ontario. Three months ago Sir James was thought to be dying in New York. An artist, James Whitney, had sketched him and sent a sketch of him if possible. On entering the corridor the pose was mistaken for a student, and was not interesting. According to the sketch, Sir James was sitting in a chair, wearing a heavy coat and gazing at some distant object or scene, engrossed in thought. The pose was an ideal one for the artist and without disturbing the premier, he quickly made the outline of the sketch.

## Vancouver Speed Artists Easily Defeated Ottawas

**Senators Were Outplayed in Both  
Eastern and Western Styles**

**Score Was 7 to 3**

By Bulletin Leased Wire

OTTAWA, March 8.—Frank Patrick's Vancouver team had more better of the Ottawas in the Arctic than they had in the first game of the series which the westerners have come east to play. Vancouver won by 7 to 3. In the first period players were weary from the long trip, the time being 12 to 15. In the second period, with the N.H.A. rules in force, they had much the better of it. They led 3 to 1 at the end of the second period and in the third they toyed with the Senators. They skated at times as though for fun. The minutes towards the end of the game, skating all over the ice with the Ottawas in hot pursuit, were like a scene in Dervish and was knocked out. After a few minutes rest Taylor jumped back and again began to play. The assault was formidable. The Ottawas had started off stiff punishment but Taylor was too fast for them.

Over 5,000 attended and the visitors, who expected that the soft ice would spoil their game, were won of the prettiness hooky seen here this season. They flushed their with some scratches and then men and women were more effective with the欣赏ed game than when they had the four forwards with the officials. Lehman, who had played good hockey in the net, while Frank Patrick divided the professional honours between Ottawa and the fence men tried to sandwich Patrick on one occasion, but he hurried through a finish and the two shorts and shorts crashed to the ice. Roman and Gerrard starred for the locals in the early stages but the final score was in favour of the visitors. Harris and Oatman, the latter replacing Pirie, were the best of those present.

**Play Was Rough**

The Ottawas were determined to vanquish Vancouver, while the westerners are keen on winning all their games in the east and the westerners' desire to win the Columbian league is easier than the Alberta. The Duke of Connaught and Princess Patricia were among those present.

**NEW WESTMINSTER WILL  
FORGE THE MINT CUP**

By Bulletin Leased Wire

NEW WESTMINSTER, B.C., March 8.—The New Westminster is prepared to use up the Mint Cup. It is evident by items in the local papers advance the players who were received to compete to keep the seasonal income dead in the west and the prospects gloomy. It is more than likely that the westerners will trek east this spring in which event it will only be a matter of a few weeks when the westerners will be able to defeat the Mint Cup holders and carry the coveted trophy back to the west. The westerners, as one of the players approached by the Toronto club and he announced his visit, unless Canada has had the game over he would accept the eastern offer.

Williams, one of the most wonderful managers in the world, died after a hard trial one spring three years ago. During a quick jump he lost his foot accidently but recovered it. He was a man of road fares, baggage charges, sleepers, hotels and the hundred little items. To make up for his loss he had to have had on the road ten days and with forty men, most of them borrowed from the police.

Williams sat down and from memory he put down item after item just as he had spent the money. He left the sum of \$11,000. He had cash and receipts, and was \$11,000. He went over it again and found 25 cents of the missing money.

## YOUR TAXES PAID? IF NOT, CITY WILL CLAIM YOUR LAND

Tax Enforcement Regulations  
Will Be Put Into Force This  
Coming Summer

### GIVEN THREE YEARS IN WHICH TO REDEEM

Assessment for 1914 to Start With  
Advisory Board of Three  
Reality Lends

(From Evening Edition)  
Members of the finance committee on the recommendation of City Assessor Walker Saturday decided to file a suit against the city for the "Tax Enforcement Return." This is the process whereby land on which taxes have been unpaid for three years becomes the property of the city unless redeemed by the payment of arrears, redemption fee and court costs.

There is today about \$1,000,000 of land year old still outstanding with about \$250,000 of taxes are in arrears for years previous to that, running back as far as 1898.

The suit was filed for the city assessor to prepare a complete list of all land on which taxes are in arrears. The suit also asks that the city be given 60 days notice then is advised that the lands are to be repossessed. The city has the right means that it will be ready at the first of July before action will really be started against delinquents.

The assessors also announced that he was now ready to start the filing assessments and following instructions issued to him January an advisory board of three was named to go over the various assessments and see that the values placed are fair. Those who will be asked to act are Mr. W. Tipton, for the West End, Mr. Richard, for the West End, and Walter Campbell, for the East End. Each of these men will be given \$10 for his services.
